

Course Description

This course is primarily aimed towards Technology & Engineering **Education** students. Each project/assignment in this class will be geared towards preparing future TEE teachers. You will not only learn about computer systems and applications; you will also learn how to teach these same concepts to students in a secondary school setting.

As stated in the USU course catalog this course is:

Introduction to modern graphic and electronic communication systems. Emphasizes design, development, production, and dissemination of both electronic and graphic messages. Covers major concepts, including desktop publishing, and audio and video production techniques.

Fees

Course Fee: \$20.00 - This pays for Projects, Expendables, Printing

Course Objectives

By the end of this course, you will be able to:

- 1 – Identify the parts of a computer & assemble a computer
- 2 – Produce a digital video using FinalCut Pro
- 3 – Use a DSLR camera to capture professional-quality photographs
- 4 – Manipulate photos using Photoshop
- 5 – Create vector-based graphics, logos, and designs using Illustrator
- 6 – Operate a laser-cutter
- 7 – Create animations using AfterEffects
- 8 – Complete in-class reflections on assigned reading
- 9 – Present and discuss new technology tools and developments

10 – Use all the skills, knowledge, and experiences obtained in this course as part of a culminating final project

Instructor

Instructor:

Cory Ortiz

Graduate Teaching Assistant

Email: cory.ortiz@iechs.org (<mailto:cory.ortiz@iechs.org>)

Office Hours:

Email me to set up a time – I would love to meet

with you and discuss class, lessons, struggles, projects, etc.

Inclement Weather Policy

I commute from Ogden everyday for class. That being said, every now and again, inclement weather will interfere with my ability to commute safely. This is more of an issue regarding the winter driving conditions that exist in Sardine Canyon. During periods of inclement weather, I may delay or cancel class for my safety. I will notify class of cancellation no later than 7:00 am before class. If class needs to be delayed, A notice will be sent out no later than 7:30 am before class. This notice will be sent out via canvas so make sure that your canvas notifications settings are set appropriately.

Late Work

Late work due to procrastination will not be accepted. Late work due to legitimate emergency may be accepted at the instructors discretion. The due date and time associated with each quiz, discussion, exam and assignment are stated clearly in Canvas.

Attendance Policy

Students are expected to arrive to class on time, stay for the entire class session, and be appropriately attentive and involved. Missed class will result in the reduction of grades, missing assignments, and missing instruction. If you feel as though you cannot attend class, it is your responsibility to notify the

 uctor and make up all work.

Course Resources

Class Materials Needed:

Note-taking materials, USB Flash Drive

Course Textbook:

None – I'll give you some readings but all will be found online – you're welcome.

Course Philosophy

This class uses a variety of instructional methods (e.g., lectures, discussions, and demonstrations and instructional strategies (e.g., cooperative learning, and project and problem-based learning) to deliver the course content. In **cooperative learning**, you will work together in groups or teams to seek a solution to an identified problem. In a cooperative learning situation, all members have an assigned duty related to completing the task or solving the problem. In a **project-based learning** activity, you will work cooperatively over time to create a product, presentation, or performance. In **problem-based learning**, you will work cooperatively to investigate and resolve an ill-structured problem based on real-world issues or situations. Everything we do in this class will model what you will do one day in your own class. It is expected that students in this class will be reflective and cognizant of the variety of teaching methods and their application in TEE classrooms.

Evaluation Methods and Criteria

The grades for this class will be determined using the following breakdown:

- 60% - In-class assignments & other assignments
- 10% - Class attendance, participation, and cooperation
- 30% - Final Project

Grade Scheme

The following grading standards will be used in this class:

Grade	Range
A	100 % to 93.0%
A-	< 93.0 % to 90.0%

Grade	Range
B+	< 90.0 % to 87.0%
B	< 87.0 % to 83.0%
B-	< 83.0 % to 80.0%
C+	< 80.0 % to 77.0%
C	< 77.0 % to 73.0%
C-	< 73.0 % to 70.0%
D+	< 70.0 % to 67.0%
D	< 67.0 % to 60.0%
F	< 59.0 % to 0.0%

Attendance and Excused Absences Policy

Attendance is necessary for student success in this course. If for some reason you cannot attend class, it is your responsibility to find out what you missed and make up the required learning activities.

Nonattendance Policy

Students May Be Dropped For Nonattendance

If a student does not attend a class during the first week of the term or by the second class meeting, whichever comes first, the instructor may submit a request to have the student dropped from the course. ***(This does not remove responsibility from the student to drop courses which he or she does not plan to attend.)*** This option is typically used for classes that are full and the instructor is trying to make a seat available for another student, but may be considered for other courses. Requests must be made during the first 20 percent of the course and will be considered on an individual student basis. Students who are dropped from courses will be notified by the Registrar's Office through their preferred e-mail account (see [2018-2019 General Catalog](http://catalog.usu.edu/content.php?catoid=12&navoid=3955) [↗\(http://catalog.usu.edu/content.php?catoid=12&navoid=3955\)](http://catalog.usu.edu/content.php?catoid=12&navoid=3955)).

Assumption of Risk

 Classes, programs, and extracurricular activities within the University involve some risk, and certain ones involve travel. The University provides opportunities to participate in these programs on a voluntary basis. Therefore, students should not participate in them if they do not care to assume the risks.

Students can ask the respective program leaders/sponsors about the possible risks a program may generate, and if students are not willing to assume the risks, they should not select that program. By voluntarily participating in classes, programs, and extracurricular activities, a student does so at his or her own risk. General information about University Risk Management policies, insurance coverage, vehicle use policies, and risk management forms can be found at: <http://www.usu.edu/riskmgmt/>  [\(http://www.usu.edu/riskmgmt/\)](http://www.usu.edu/riskmgmt/)

Library Services

All USU students attending classes in Logan, at our Regional Campuses, or online can access all databases, e-journals, and e-books regardless of location. Additionally, the library will mail printed books to students, at no charge to them. Students can also borrow books from any Utah academic library. Take advantage of all library services and learn more at libguides.usu.edu/rc.  [\(http://libguides.usu.edu/rc\)](http://libguides.usu.edu/rc)

Classroom Civility.

Utah State University supports the principle of freedom of expression for both faculty and students. The University respects the rights of faculty to teach and students to learn. Maintenance of these rights requires classroom conditions that do not impede the learning process. Disruptive classroom behavior will not be tolerated. An individual engaging in such behavior may be subject to disciplinary action. Read [Student Code Article V Section V-3](https://studentconduct.usu.edu/studentcode/article5)  [\(https://studentconduct.usu.edu/studentcode/article5\)](https://studentconduct.usu.edu/studentcode/article5) for more information.

University Policies & Procedures

Academic Freedom and Professional Responsibilities

Academic freedom is the right to teach, study, discuss, investigate, discover, create, and publish freely. Academic freedom protects the rights of faculty members in teaching and of students in learning. Freedom in research is fundamental to the advancement of truth. Faculty members are entitled to full freedom in teaching, research, and creative activities, subject to the limitations imposed by professional responsibility. [Faculty Code Policy #403](http://www.usu.edu/hr/files/uploads/Policies/403.pdf)  [\(http://www.usu.edu/hr/files/uploads/Policies/403.pdf\)](http://www.usu.edu/hr/files/uploads/Policies/403.pdf) further defines academic freedom and professional responsibilities.

Academic Integrity – "The Honor System"

Each student has the right and duty to pursue his or her academic experience free of dishonesty. To ance the learning environment at Utah State University and to develop student academic integrity, each student agrees to the following Honor Pledge:

"I pledge, on my honor, to conduct myself with the foremost level of academic integrity."

A student who lives by the Honor Pledge is a student who does more than not cheat, falsify, or plagiarize. A student who lives by the Honor Pledge:

- Espouses academic integrity as an underlying and essential principle of the Utah State University community;
- Understands that each act of academic dishonesty devalues every degree that is awarded by this institution; and
- Is a welcomed and valued member of Utah State University.

Academic Dishonesty

The instructor of this course will take appropriate actions in response to Academic Dishonesty, as defined the University's Student Code. Acts of academic dishonesty include but are not limited to:

- **Cheating:** using, attempting to use, or providing others with any unauthorized assistance in taking quizzes, tests, examinations, or in any other academic exercise or activity. Unauthorized assistance includes:
 - Working in a group when the instructor has designated that the quiz, test, examination, or any other academic exercise or activity be done "individually;"
 - Depending on the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments;
 - Substituting for another student, or permitting another student to substitute for oneself, in taking an examination or preparing academic work;
 - Acquiring tests or other academic material belonging to a faculty member, staff member, or another student without express permission;
 - Continuing to write after time has been called on a quiz, test, examination, or any other academic exercise or activity;
 - Submitting substantially the same work for credit in more than one class, except with prior approval of the instructor; or engaging in any form of research fraud.
- **Falsification:** altering or fabricating any information or citation in an academic exercise or activity.
- **Plagiarism:** representing, by paraphrase or direct quotation, the published or unpublished work of another person as one's own in any academic exercise or activity without full and clear acknowledgment. It also includes using materials prepared by another person or by an agency engaged in the sale of term papers or other academic materials.

Sexual Harassment/Title IX

Utah State University is committed to creating and maintaining an environment free from acts of sexual harassment, sexual misconduct and discrimination and to fostering respect and dignity for all members of the USU community. Title IX and [USU Policy 339](http://www.usu.edu/policies/339) ➡ [_ \(http://www.usu.edu/policies/339\)](http://www.usu.edu/policies/339) address sexual harassment in the workplace and academic setting.

The university responds promptly upon learning of any form of possible discrimination or sexual misconduct. Any individual may contact USU's [Affirmative Action/Equal Opportunity \(AA/EO\) Office](http://aaeo.usu.edu)  (<http://aaeo.usu.edu>) for available options and resources or clarification. The university has established a complaint procedure to handle all types of discrimination complaints, including sexual harassment ([USU Policy 305](http://www.usu.edu/policies/305/)  (<http://www.usu.edu/policies/305/>)), and has designated the AA/EO Director/Title IX Coordinator as the official responsible for receiving and investigating complaints of sexual harassment.

Withdrawal Policy and "I" Grade Policy

Students are required to complete all courses for which they are registered by the end of the semester. In some cases, a student may be unable to complete all of the coursework because of extenuating circumstances, but not due to poor performance or to retain financial aid. The term 'extenuating' circumstances includes: (1) incapacitating illness which prevents a student from attending classes for a minimum period of two weeks, (2) a death in the immediate family, (3) financial responsibilities requiring a student to alter a work schedule to secure employment, (4) change in work schedule as required by an employer, or (5) other emergencies deemed appropriate by the instructor.

Students with Disabilities

USU welcomes students with disabilities. If you have, or suspect you may have, a physical, mental health, or learning disability that may require accommodations in this course, please contact the [Disability Resource Center \(DRC\)](http://www.usu.edu/drc/)  (<http://www.usu.edu/drc/>) as early in the semester as possible (University Inn # 101, (435) 797-2444, drc@usu.edu (<mailto:drc@usu.edu>)). All disability related accommodations must be approved by the DRC. Once approved, the DRC will coordinate with faculty to provide accommodations.

Diversity Statement

Regardless of intent, careless or ill-informed remarks can be offensive and hurtful to others and detract from the learning climate. If you feel uncomfortable in a classroom due to offensive language or actions by an instructor or student(s) regarding ethnicity, gender, or sexual orientation, contact:

Emergency Procedures

In the case of a drill or real emergency, classes will be notified to evacuate the building by the sound of the fire/emergency alarm system or by a building representative. In the event of a disaster that may interfere with either notification, evacuate as the situation dictates (i.e., in an earthquake when shaking ceases or immediately when a fire is discovered). Turn off computers and take any personal items with you. Elevators should not be used; instead, use the closest stairs.
